

## Downloading Your Complimentary Desk Copy

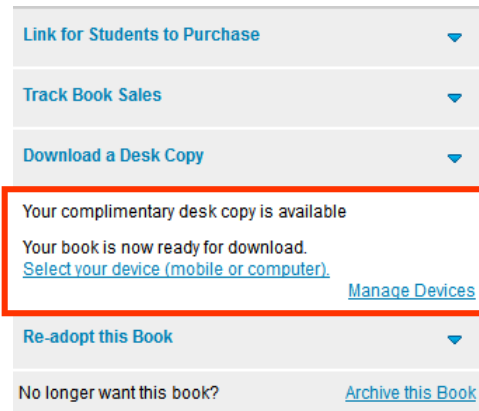

When your book has been committed, go to your Completed Books Page.

Click on Download a Desk Copy. You will see a message that says *Your Complimentary desk copy is now available*.

1. Click on Select your device (mobile or computer).

2. Please note that you can choose from several device types including Windows-PC, Android 4X, iPad, iPhone, MAC-PC, and Windows 8 Pro. **Give Your Device a Name.**

3. You will then be guided through reader installation.

**Need to Select and Register a Device?** Please tell us the device you'll be using and choose a reader you'll use.

Device Type: Windows-PC Reader: Digital Editions - from Adobe (Recommended)

Device Name: Professor Smith's Computer Give your device a name you will easily recognize (like 'John's Android').

Installation Instructions: If you need to [download and install needed software](#).

I have completed installation instructions [Register Device >](#)

4. Download and install the needed software. **Please note you must create an Adobe ID.**

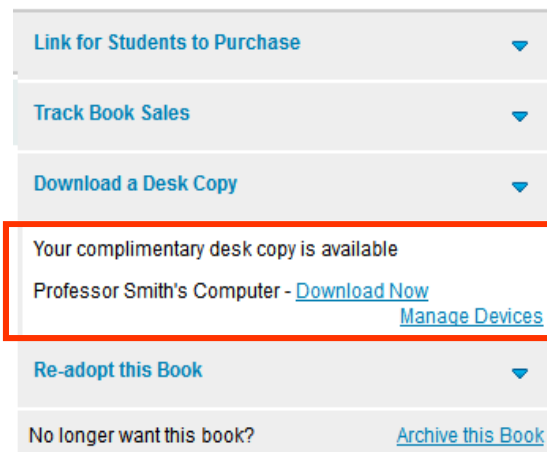

5. Register your device.

Note that you may register up to five devices at any one time. Your license only authorizes you to download this Desk Copy for your own use.

Now that you have registered your device, go back to your **Completed Books page** and click **Download Now**.

Your book will then open in the reader that you have installed.

\*Please note that your book does not need to be re-downloaded. You only need to open up the reader on your device to access your book at any time.
